

## Exhibitors Are Ready For Opening Of Greater Glendale Exposition In Big Tent At High School Grounds Tonight

### VARIED, ATTRACTIVE DISPLAYS AWAIT PUBLIC APPROVAL

Thousands of People Will Be In Attendance at Show; Programs Will Please

WITH more than three score exhibitors ready for the opening at 7 o'clock tonight, the Greater Glendale Exposition bids fair to be the most eventful week in the history of this city.

During the last two days and nights hundreds of business men and workmen have been devoting their last ounce of energy to preparing the prettiest booths imaginable to house their displays.

And now that they are practically ready to receive you, the alluring entertainment numbers should bring out the populace to learn why they should "Buy at Home."

That is the big idea of the whole show, but enough variety is thrown in to make it well worth while attending any afternoon or evening except Sunday next week.

Mayor Spencer Robinson will officially open the exposition and City Manager William H. Reeves will speak briefly on the subject of trading in your own home town. Then the long list of entertainment features will be staged by the Pacific Coast Exposition company.

"Something doing every minute" is the policy of Director General H. Elmo LaBregue and whenever the show gets dull—as all do at times—he starts something.

Gifts of gold and merchandise are the most exciting part of the program, unless it be the fashion revues on the electrically-lighted runway. The very latest styles direct from New York will be shown. And all of this display—except the mannikins—come from Glendale shops.

However, words fail to convey the idea of the blaze of light, riot in colors and array of talent to be seen by you. There are no carnival effects, no fakirs, no salacious shows in the exposition. The entire family, the whole town and hundreds from other points will enjoy it.

### Exposition Sidelights

Plenty of live wires will be found at the exposition. Not alone among the business men, but the battery shops are there with every conceivable attraction. One might paraphrase the verse: "Twinkle, twinkle, little light, how I wonder whose ad you are."

Manager Fred Deal of the Pacific Telephone & Telegraph company has installed a telephone at the entrance of the exposition tent. Anyone wishing to call the number should ask the operator for "Merchants' Exposition."

Hundreds of "Buy at Home" pennants were put up today by James M. Rhoades, secretary of the Chamber of Commerce. He has been waiting for this opportunity to inculcate in people's minds the idea of trading in Glendale when it is just as good or better and doesn't cost any more.

Mayor Spencer Robinson who opens the exposition tonight insists that he can sing better than he can speak. "We'll have him on the program next week," said Director General LaBregue.

Prunes and toilet preparations, automobiles and plumbing fixtures, groceries and tires, soft drinks and ice cream sandwiches, banks and battery services—all vie with one another in this greatest show Glendale has ever seen. You will enjoy seeing the exhibits, not to mention the excellent program features.

### GUESTS AT DANCING PARTY

Dr. and Mrs. Charles L. Marlenee of 301 South Central avenue attended a most delightful dancing party given last evening by Mrs. McGue of West Adams street, Los Angeles. Mrs. McGue had a large dance pavilion built in the garden of her home, and it was here that the dance was held. The use of Japanese lanterns made the effect very beautiful and it was greatly enjoyed by the guests present.

## Here's Program For Tonight

FOLLOWING IS THE PROGRAM announced for tonight at the Greater Glendale Merchants' Exposition by Director General H. Elmo LaBregue:

- 7:00 Exposition gates open to waiting thousands.
- 7:05 General review of mercantile and motor displays.
- 7:30 Introductory remarks and welcome by Mayor Spencer Robinson.
- 7:35 "Buy at Home" address by City Manager William H. Reeves.
- 7:45 Entertainment by Exposition Versatile Five.
- 8:00 Gifts of gold and merchandise.
- 8:15 "Purposes of the Exposition" address by Director General LaBregue.
- 8:30 Entertainment features.
- 8:45 Introduction of Miss Classie Marlowe, program director, in new styles of drapes.
- 9:00 Fashion revue by mannikins wearing apparel from Hatz Specialty Shop and Gilbert's Millinery.
- 9:30 Entertainment features.
- 10:00 Gifts of gold and merchandise.
- 10:30 Exposition closes. "Go to Church Sunday." Come back Monday.

The above program is subject to change, the impromptu numbers giving it the thrills and frills necessary to the success of such a show, according to Director LaBregue. The entertainment features also are kept a secret and come as delightful surprises to the audience.

## MRS. LAURA JONES W. C. T. U. DELEGATE CHOSEN HEAD OF NEW AUXILIARY TO GIVE ADDRESS AT GATHERING

Royal Neighbors Formed and Officers Elected; District Deputy In Attendance

Mrs. Christine Emmell, state supervisor, and Mrs. Hedges, district deputy, of the Royal Neighbors, organized a local camp to be known as Glendale Camp of Royal Neighbors last night in the Odd Fellows' hall, with about thirty members present.

The Royal Neighbors is the women's auxiliary of the Modern Woodmen. Following the organization of the local camp, these officers were elected:

Mrs. Laura Jones, orator; E. H. Botsford, vice-orator; K. Sooy, chancellor; M. Streight, recorder; E. Coker, marshal; Blanchard, inner sentinel; Clinton, outer sentinel; Miss Loux, receiver; Mrs. Howes, past orator. J. W. Jones, Mrs. Eliza Arbutnot and Mrs. Gaarder, managers.

### Members of Baracca Class Entertain for Philatheas Last Night

Members of the Baracca class of the First Methodist church entertained the members of the Philatheas class of the same church with a lawn party and box social given last night at the home of Mr. and Mrs. G. Edwin Murphy, 421 North Brand boulevard. Japanese lanterns were strung across the lawn from the veranda to the street. Games provided diversion for the evening.

Those present to enjoy the jolly time included Miss Mary Rich, Miss Helen Ingledue, Miss Doris Ingledue, Miss Keller, Miss Dorothy Hamilton, Miss Nyda Dana, Elwood Ingledue, Ellis Thomas, Charles Rich, William Rich, Mr. Keller, Cyril Holway, Mr. and Mrs. Carl Seitter and Mr. and Mrs. G. Edwin Murphy.

### HOLD ALL DAY MEETING

The all-day meeting and monthly dinner of the Woman's Relief Corps and Post was held yesterday at the G. A. R. hall. Rev. C. R. Norton was chairman of the committee in charge of the program for the afternoon. This included singing of "America," short talks by Rev. Norton, Comrades Clark, Moss, Thayer and Taylor, review of an original poem, "Visions," by Thomas Spafford, happenings on the street car told by Mrs. Ella Richardson, talk by Mrs. Clark, original poem, "Golden Gate," by Mrs. Shuey, review of the poem, "A Hero," by Mrs. Pikelley. Following the program a number of new candidates were initiated.

Mrs. Maude Perkins of New York City to Speak at Meeting Here Monday

An all-day institute, under the auspices of the W. C. T. U., will be held Monday, August 29, at the First Baptist church, beginning at 10 o'clock a. m. A good program, with music and speeches, is planned. Mrs. Maude Perkins of New York City, en route home from the national convention at San Francisco, will give the principal address. Members are urged to attend and bring their lunch. The public is also invited.

Monday night there will be a reception given at the home of Mrs. Samuel Dick, 309 North Louise street. A special invitation has been extended to all the young people to attend the reception and meet Mrs. Perkins.

**Local People at Reception**  
A party of Glendale folks who are attending the picnic and reception being given at Lincoln park today for the national W. C. T. U. workers who have been attending the convention in San Francisco includes Mr. and Mrs. L. C. Yeoman, Mr. and Mrs. Samuel Dick, Mr. and Mrs. Joseph Brown, Mrs. R. W. Mottern, Mrs. O. S. Palmer, Mrs. C. W. Bacon, Mrs. Edith Glassey, Mrs. F. E. Logie and Mrs. Ruby Smart.

### C. E. Delegates to Attend Meeting for Members In District

The Glendale district Christian Endeavor union, which includes Burbank, Eagle Rock, La Crescenta, Tujunga and Glendale, will have a social and good time at the Tropico Presbyterian church Tuesday night, August 30. Mrs. C. C. Stoler, social chairman of the district, will be in charge. There will be short talks by Miss Ethel Preston and Miss Nancy St. Clair, who have recently returned from the national Christian Endeavor convention in New York City. Howard Brown, who was in charge of the state convention in Glendale and Miss Carol Duncan, president of the local district union. Young people of the Methodist and Baptist churches have been invited to attend and renew acquaintances made during the convention in Glendale.

### LEAVE ON CAMPING TRIP

Mr. and Mrs. Ed M. Lee, Mr. and Mrs. Wilbur Lee, Mr. and Mrs. F. C. Weller, of this city, accompanied by Mrs. Lee's brother, C. B. Miltenberger of Sparks, Nevada, leave today on a two-weeks' automobile camping trip to the mountainous regions of the northern part of the state. They will make the trip in two machines, and are planning on spending the entire fortnight camping in the open.

## Today's World News In Brief

(By United Press to Glendale Evening News)

**MOSCOW HAS BEEN BURNING THREE DAYS, IS REPORT**  
LONDON, Aug. 27.—Moscow has been burning for three days according to reports reaching here today. American relief workers here have received no confirmation of the reports.

**MRS. MELVIN JONES WINS WEST GOLF CHAMPIONSHIP**  
WEST MORELAND, Ill., Aug. 27.—Mrs. Melvin Jones of Olympia Fields won the women's western golf championship here today when she defeated Mrs. J. W. Douglass of West Moreland, 6 and 4.

**MOB SEARCHES JAILS FOR SLAYER OF AGED MOTHER**  
OSKALOOSA, Iowa, Aug. 27.—A mob of nearly a hundred men last night searched county and city jails here for Arthur L. Cooper, negro, after it was learned that he had confessed to the brutal murder of his aged white mother yesterday.

**JAPAN BECOMES CHALLENGER OF AMERICAN TENNIS**  
CASINO, NEWPORT, R. I., Aug. 27.—Japan became the challenger of America for the Davis cup here today when Ichiji Kumagai defeated the Australian, J. O. Anderson, in the fourth match of the final preliminary round at 3-6, 7-5, 2-6, 6-2, 6-1.

**ONE KILLED, TWO BADLY WOUNDED IN DEMONSTRATION**  
MUNICH, Aug. 27.—One man was killed and two others badly wounded when demonstrators, representing "the hungry," clashed with mounted police here early today. Thousands of workers were in the line of march, but aside from one outbreak the procession proceeded quietly.

**POSSES TRAIL MEXICAN SLAYERS OF U. S. POSTMASTER**  
TUCSON, Ariz., Aug. 27.—Armed posses are on the trail of seven Mexican bandits who yesterday murdered Frank J. Pearson, U. S. postmaster at Ruby, Arizona, fatally wounded his wife and seriously wounded Mrs. Purcell, Pearson's sister-in-law. The bandits may have escaped across the border three miles away.

**FATE OF EUGENE V. DEBS IS BEING DECIDED TODAY**  
WASHINGTON, Aug. 27.—The fate of Eugene V. Debs hung in the balance today. Whether the gaunt, old leader of the socialist party shall be pardoned and released shortly from his cell in the federal prison at Atlanta, Georgia, or whether he is to remain behind the bars was to have its answer today during a conference between President Harding and Attorney General Daugherty.

**BRITISH STARTS INQUIRY INTO DIRIGIBLE DISASTER**  
HOWDEN, Eng., Aug. 27.—The British air service inquiry into the disaster of the ZR-2 was opened at Howden aerodrome here today. Vice Air Marshal Salmons presided. America was represented by Lieutenant Dyer, U. S. N. The proceedings were private. The inquiry starting today will show, if the facts are published, that some British airmen were convinced the ZR-2 never would have crossed the Atlantic except under "impossibly favorable" weather conditions.

**RIFLEMEN READY TO HALT NEW INVASION OF MINERS**  
LOGAN, W. Va., Aug. 27.—Posses of riflemen were back in their positions in vantage points in nearby hills today, guarding against a possible ruse of miners who have been marching to Mingo county. The volunteer army was called to duty again at midnight after Logan had spent the early hours celebrating peace prospects as a result of the appeal made to marchers by union officials at Madison last yesterday.

**HARDING CONSIDERS PLEA FOR MINERS' CONFERENCE**  
WASHINGTON, Aug. 27.—President Harding is giving careful consideration to the request of John L. Lewis, president of the United Mine Workers of America, for a conference of mine operators and workers to end the industrial situation and threatened war in Mingo and Logan counties, West Virginia, it was stated at the White House today. The president discussed the situation with Senator Sutherland, West Virginia, and it is understood the feasibility of calling a conference was considered.

**SAYS ENGLAND HAS REACHED LIMIT OF CONCESSIONS**  
LONDON, Aug. 27.—"England has reached the limit of concessions and almost the limit of endurance. The Irish truce is in danger." This was the tone of the British press today, discussing the Irish situation in the light of Lloyd George's firm reply to De Valera's letter rejecting the British terms. The Sinn Fein president asked for a continuance of negotiations upon a basis of new terms, but the British government had reiterated emphatically its adherence to its original terms. The dispute has reached a deadlock. The government had the unanimous support of the press for its attitude.

**STUDEBAKER STOCKS CONTINUE TO GAIN ON EXCHANGE**  
NEW YORK, Aug. 27.—The continued gain of Studebaker stocks was the feature of the first hour's trading on the stock exchange today. Studebaker opened at 70, up 3/8, and gained fractionally thereafter, recovering six points from its low of the week. Other motors were helped by the Studebaker recovery. General Electric made an early high of 117, up nearly 8 points from its week's low. Mexican Petroleum opened off a full point but quickly rallied to 95 1/2. Helped by this movement, General Asphalt made an early high of 44 1/2, five points above its low. Carriers advanced, helped by the New York Central statement.

**IRISH IN SECRET SESSION TO CONSIDER ANSWER**  
DUBLIN, Aug. 27.—Behind closely guarded doors, the Dail Eireann met in secret session today to consider the reply of the British government to President De Valera's letter. The decision that must now be taken will be the one between peace and war, it was felt before the members entered the Mansion House. The issue is clean-cut. Ireland has asked for a new basis for further discussion—Sinn Fein is willing to negotiate, but only on its own terms. Britain has replied through her premier that the only basis for discussion is the offer contained in Lloyd George's original proposals upon which the present truce was based. Insistence upon its point by Sinn Fein will now mean war, it was said.

## AUTOMOBILE TRADE ASSOCIATION HOLDS BANQUET AND HEARS TALK FROM PRESIDENT OF STATE BODY

George Habersfelde, Head Of Organization, Tells About Service; Chairman Of L. A. Supervisors Explains Laws; Max Green Vice President

"SUPPORT THOSE WHO SUPPORT US" was the principal idea portrayed by the various speakers last night at the banquet and general business meeting of the San Gabriel Valley Automobile Trade Association which met at the White Inn, this city. About fifty members of the association from all parts of the organization's jurisdiction were present at the enthusiastic gathering, which was declared by several of the charter members as being "the liveliest and best we've ever had."

Following the serving of the six-course dinner, Joseph A. Moore, who is president of the association, opened the meeting by calling on State President George Habersfelde of Bakersfield, who responded with an interesting talk on the achievements and plans of the state organization in a resume of the recent convention at Lake Tahoe. He told of the "wonderful strides that have been made by the association in cementing itself with the public," and further stated that the remarkable work so accomplished by the organization would last only so long as the policy, "Give everybody a square deal," prevails among the members.

"Consider Those We Serve" In speaking of the prosperity in the future of the automobile trades dealers in California, "for anywhere else," Mr. Habersfelde said, "The only sure way that we can continue to exist as members of the automotive industry is to consider those who we serve by giving everybody a square deal; and the best way to do this is to conduct business in contact with each other."

He concluded his speech with a brief report of the various changes effected in the automotive industry during the past year, stating that "In order to make up for the return of conditions to normalcy we must put more energy into our business."

Henry W. Wright, chairman of the Los Angeles county board of supervisors and speaker of the last state assembly, then made a short talk, telling of the numerous problems of the state legislation brought about by the many bills and resolutions introduced into the last legislature each year regarding automobiles and their products. He said:

**About Proposed Legislation**  
"The automobile has become such an important factor in the business and daily life of the people of California in such a short time that sufficient legislation regarding it has not yet been enacted. For this reason the representatives at Sacramento are continually confronted with scores of bills and propositions, most of which never become laws." Of the fifteen bills proposed at the last session of the assembly and sent (Continued on Page 9)

### H. S. Webb Is Home From Camping Trip In Yosemite Valley

H. S. Webb of the H. S. Webb company department store, his mother, Mrs. F. A. Webb, his sister, Mrs. Helen M. Sawyer and children Henry and Barbara, and Ted Morris, chauffeur, returned yesterday from a "wonderful trip" covering a fortnight in time and the beauty spots of central California in distance. In describing this delightful outing to a representative of The Glendale Evening News this morning, Mr. Webb said: "Leaving Glendale we went to Yosemite national park via Merced. Our car carried 900 pounds live weight and 450 pounds of camping equipment and baggage. Although some of the grades were 30 per cent the Buick gave a great demonstration of efficiency and power."

"We camped at Wawona for three days, visited the Big Mariposa grove and then journeyed over Tioga Pass to Lake Tahoe, where we pitched camp for another three days. At Lake Tenaya we were 8100 feet high and had to drain the auto radiator every night to keep it from freezing. The snow caps the year around seem quite wonderful. "The beauties of California are well worth such a trip," continued Mr. Webb. "On our return by the way of Placerville we visited Sacramento, San Francisco and Del Monte. No mishaps marred our tour and by carrying the 'Glendale' pennant we met and made many friends. I would advise others to carry this type of advertising on their cars for it means as much to themselves as the town."

### REV. COOKMAN AT HOME

Rev. and Mrs. W. W. Cookman and son and daughter, Wm. Cookman and Miss Anne Cookman of 215 South Pacific avenue, have returned from a two weeks' vacation at Catalina Island. Rev. Cookman will occupy the pulpit at the Pacific avenue M. E. church tomorrow as usual.

## CHRISTIAN CHURCH SECURES PERMIT FOR \$57,000

New Building to Be Erected Adjoining Present One, Plans Congregation

Aspirations for an August building record took a sudden leap this morning when the building committee of the First Christian church of this city secured a permit for the erection of a new house of worship, to cost \$57,000. The building will be constructed on the property adjoining the present edifice at 305 East Colorado boulevard, the foundation for which is to be laid in the immediate future. W. G. Boyd of this city has been chosen as the contractor. The picture of the church and the details have already appeared in The Evening News.

The August total is now well on its way toward the half million mark, with \$457,445 in permits having been issued thus far. Just \$50,000 more will be required to exceed the record established in August of last year. The grand total for 1921 is now \$2,776,369.

### Hundred New Members for C. of C. Assured

E. F. Sanders, assistant secretary of the Glendale Chamber of Commerce, reports that the "Hundred More" membership drive will be an accomplished fact Monday morning and the list of new members will be presented to the board of directors at their weekly luncheon Tuesday noon. A week later a big night rally will be held at the Exposition tent and the whole town invited to attend. Ninety-four new members have been reported in to date by Mr. Sanders.

### RETURN HOME

Miss Caroline Watling, former resident of this city but who is now living at Redlands, returned to her home last night after having spent several days visiting former Glendale friends and neighbors. Miss Watling is now a registered nurse, having taken up the profession after graduating from the local high school in 1916. She is being employed in the Redlands Heights hospital, from which she is enjoying a two weeks' vacation. She will spend next week with a party of friends at Big Bear lake.

Siple, who formerly resided at 467 West Sycamore avenue, this city.

## Not Covered

In a fire in Minneapolis last winter, a 3-story building housing several businesses was completely destroyed, with a total loss of some \$150,000, "fully covered by insurance." But the business of one man, who made a living in that building, was "not covered." He was the elevator "boy"—68 years of age. When he staggered from the burning building, his lungs choked with smoke, great tears rolled down his cheeks—HIS JOB WAS GONE. Can you picture a more pathetic sight than that of an old man shuffling home through ice and cold without money or friends or a job? Let me save you from such a possibility with a Provident Endowment maturing at 65. The rates are low, the dividends fine, the comfort unequalled. THERE IS NO SUBSTITUTE.

Miss Bess Altland, who has been the guest of Miss Fay Litzberg of 127 South Central avenue for some time, has left Glendale for her home in Wichita, Kansas. After remaining there six months she and her mother will return to southern California to make their home here.

Mr. and Mrs. H. H. Clewett of 526 East Windsor Road are enjoying a trip in the northern part of California, Washington and Oregon. They will return the early part of September. During their absence their residence is being occupied by Mrs. Alice Alexander of Casa Grande, Arizona.

Mr. and Mrs. Henry A. Michel and family of 807 North Central avenue returned Thursday from a most pleasant month's automobile trip to the northern part of California. They visited Lake Tahoe, Big Basin, Big Trees, San Francisco, Oakland and numerous other points of interest en route.

Miss Dorothy Morrisery and Miss Bessie Morrisery of New York city are the guests of their cousin, Mrs. Maurice Feary of 1024 South San Fernando road. They will remain here a week. During this time they are enjoying trips to Mt. Lowe, nearby beaches and other points of interest in this vicinity.

Mr. and Mrs. Harry Kinser and family, who for the past week have been the guests of Mr. and Mrs. J. M. Swaner of 452 West Milford street, left today by automobile for their home in Coalinga. They will stop en route at Taft to visit relatives. Mr. and Mrs. Kinser were formerly residents of Glendale.

The girls of the intermediate leagues of the First Methodist church gave a candy sale today at the White Star Market and Grocery on West Broadway, which proved to be a great success. The girls in charge were Miss Carolina Shockley, Miss Erma Lucas, Miss Margaret Clark. They were assisted in the candy making by Miss Doris Ingledue and Miss Ruth Stine.

Keamoku A. Lewis of 373 West California avenue and his Hawaiian serenaders on Tuesday night entertained a capacity crowd at the Long Beach municipal auditorium under the auspices of the First Methodist Episcopal church of that city. High praise was given the local musician in the beach newspapers and he has been re-engaged to appear next Tuesday night.

## Mental Telepathy Is Feature of Vaudeville Program at Glendale

Aleko, Panthea and Presco, internationally renowned exponents of mental telepathy provide the head-line for five acts of Melklejohn & Dunn select vaudeville at the Glendale Theatre this afternoon and evening. The other numbers will be equal to those seen on the big circuits, for that is what they are—acts laying over in Los Angeles before long jumps to the eastern centers.

For those who know the vast throngs attending these vaudeville performances, they will come early and avoid standing in line. The first show is at 7 and the second at 9. An up to date story, combining all of the romance which belongs to the rugged New England coast, will be the film attraction at the Glendale Theatre tonight. It is "Danger Ahead!" a screen version of Sara Ware Bassett's well known novel, "The Harbor Road," in which the youthful Universal star, Mary Philbin, appears. The production was directed by Rollin Sturgeon.

## TRAINING CAMP OF HI-Y WILL TAKE GLENDALE BOYS

Many High Schools Will Send Youths to Participate In Studies for Leadership

Each of the Hi-Y groups of Glendale high school will have one representative at the Hi-Y training camp of Southern California, September 2 to 9, to be held at Kamp Kolo, the mountain camp of the Long Beach Y. M. C. A. located just back of Mt. Wilson on the west fork of the San Gabriel river.

The camp will be made up of boys from thirty or more high schools of Southern California and will be for the purpose of exchanging ideas, discussion of high school problems, inspiration and contact with the big men of the state who are interested in boys of high school age.

"Training for Leadership" Besides a delightful vacation in the open the boys will have swimming, hiking, athletic games and so forth. The theme of the camp is "Training for Leadership."

Some of the men who will have charge of the training are Ralph G. Cole, state boys' secretary from the Y. M. C. A. of San Francisco, Rev. R. F. Shuler of Los Angeles, Professor Ewing of Pasadena high school, and F. M. Duckles of Chico.

The boys who are going from Glendale include Dale Wood of the senior group, Paul Edmonds of the junior, Alton Mattice of the sophomore and G. Edwin Murphy, leader of the junior group, as well as Rex C. Kelley, local Y. M. C. A. secretary.

## BEFORE THE SCHOOL BELL RINGS AGAIN

There's a lot of fussing and fixing to be done, to get the kiddies ready for school.

Little garments which have been stored away since spring require cleaning and freshening most of all, for every boy and girl wants to look spick and span on opening day.

That's where you'll find our modern laundry service a great help. We'll wash and iron your children's apparel just as you would do it at home, and we'll get things back to you, sweet and clean, and crisply ironed, in plenty of time.

## Dr. Riley Makes Reply to Rev. W. E. Edmonds

Editor The Evening News:—Dr.  
F. L. Riley, lecturer for New  
Thought Center of Glendale, hands  
me the following, over his signature,  
as a reply to an article appearing in  
your issue of August 23, over the sig-  
nature of Rev. W. E. Edmonds. We  
will very much appreciate space for  
the same:

"The article written by Rev. W.  
E. Edmonds, and appearing in your  
good paper is most interesting, since  
it reveals the attitude of certain min-  
isters in the Christian church toward  
honest investigators, who are en-  
deavoring to understand the bible  
through supplying the key to the  
mysteries contained therein.

"A student is not an 'unbeliever';  
neither is he 'poor, sinful' or 'puffed  
up' when he supplies a new interpre-  
tation to a passage of scripture.  
"In spite of the fact that a huge  
fish has been discovered off the coast  
of Florida with a mouth and throat  
large enough to swallow two men,  
the writer contends that the story of  
Jonah and the great fish is an alleg-  
ory. The fish is a very ancient  
symbol, and is found in a number of  
the sacred books of the east. St.  
Augustine speaks of Jesus, as 'a fish  
that lives—in the midst of waters.'  
Tertullian speaks of 'so many fishes  
bred in the water, and saved by one  
great fish.' He refers to Christians,  
to Christ and the church. Such  
statements are, of course, allegorical.

"While traveling in Monmouth-  
shire, England, I discovered within  
the ruined walls of Tintern Abbey a  
large slab of stone upon which was  
carved a cross; on one side of the  
cross was a large fish, and on the  
other side three small fishes; there  
were no words on the stone. This  
stone proves that the early English  
Christians understood the fish sym-  
bol.

"The ancient church fathers thor-  
oughly understood that the bible in  
many parts is not to be taken liter-  
ally.

"St. Gregory refers to the 'letter'  
of scripture as 'not only dead, but  
deadly.'  
"Origen states that 'while every  
passage of scripture has a spiritual  
meaning, but there is often a spiri-  
tual meaning under a literal fiction.'  
"Philo, the great Alexandrian phi-  
losopher, is of the same opinion.

"We are living in a new age; and  
the time has arrived when people  
must do their own thinking.

"The bible is the most wonderful  
book in all the world, when we use  
the proper 'key' to interpret the mys-  
teries."

## Dr. H. C. Funk Replies to Oft Asked Query

Dr. H. C. Funk, pastor of the Eng-  
lish Lutheran church of this city,  
makes the following reply to the  
question: "If the scriptures were  
written by men who were divinely in-  
spired, why do the Four Gospels differ  
in their narratives?"

"The ground for the objection  
raised in this question is one of the  
strongest evidences to show that the  
writers were not in collusion, as has  
sometimes been charged. Each  
writer seemed to pay no attention  
whatever to anything any one else  
had to say; recording only that  
which impressed him as being most  
important to acquaint others with  
the character and teaching of Jesus  
Christ. He was concerned about  
nothing but the truth. The differ-  
ences in the Bible narratives are nat-  
ural, just what you would expect. No  
two men ever related the facts about  
any important event in exactly the  
same words and manner. The most  
important thing, after all, is the fact  
that they all agree that Jesus lived  
among men, that He is divine, and  
that he died and rose again. More-  
over, so thoroughly were the prej-  
udices of these eye-witnesses removed  
that they espoused His cause, and  
gave their lives in defense of it. On  
the other hand, if these writers had  
expressed themselves in identically  
the same words, there would have  
been some reason for believing that  
they were in collusion, pretending to  
be guided by the spirit, and therefore  
fraudulent."

Prelude, "Prayer" (Massenet); quar-  
tet, "Sing Unto God" (Bishop); Miss  
Pansy E. Sheldon, soprano; Mrs. Fan-  
nie Marple Retts, contralto; Law-  
rence Chandler, tenor; C. Clifford  
Riggs, baritone; offertory, "An-  
dante" (Chopin); baritone solo,  
"Out of the Deep" (Marks) C. Clif-  
ford Riggs; postlude, "Marche des  
Girondins" (Clark). Evening, Or-  
gan recital (a) "Cavatina" (Raff)  
(b) "Marche Militaire" (Clark) (c)  
"A Perfect Day" (Bond); quartet,  
Evening Prayer" (Thomas); soprano  
solo, "Glory to Thee, My God, This  
Night" (Gounod) Miss Pansy E.  
Sheldon; offertory, "Idylle" (Gur-  
lett); quartet, "In the Rock of Our  
Salvation" (Lorenz); postlude,  
"March Victorious" (Kern).

## MEETING IS HELD BY LOCAL LEGION LAST EVENING

Bulletin Will Be Issued by  
Organization; Drive for  
Members Is Under Way

American Legion members met  
last night at their clubrooms, 610  
East Broadway. They ordered N. R.  
Whytock, who will edit a monthly  
bulletin for the post, to go ahead  
with the work.

After hearing one or two commu-  
nications the Legionnaires took turns  
telling stories and looking forward  
to greater activity when the dele-  
gates return from the state conven-  
tion at Yosemite which closes this  
week-end. A regular schedule of  
dances has been prepared and a  
peppy orchestra obtained. It is said  
that hob nails and spurs will be  
vogue again because the floor has  
been polished to 'nth degree.

**Drive Is Under Way**  
Many of the former service men  
this year reported they enjoyed their  
vacations in the service of Uncle  
Sam. Some of the old army men  
went to Yosemite with the National  
Guards and former navy men were  
with the naval reserve on summer  
cruise.

A drive for new legion members  
is now under way in order that the  
largest number possible may avail  
themselves of the sport program this  
fall and winter.

## Charles Ray Feature of Picture Program at Palace Grand Tonight

For the last times tonight Charles  
Ray in "Scrap Iron" and "Miracles  
of the Jungle" will be the alluring  
double feature at the Palace Grand.  
Everyone is satisfied that this pro-  
gram could not be duplicated for  
twice the price in Los Angeles. Too  
high praise can be given neither pic-  
ture for they are great. Tomorrow  
another double bill starts the week.

In "The Ten Dollar Raise" Wilkins  
waited 20 years and didn't get it.  
It is a picture in which you will find  
something to think about—a lesson  
for every man and woman. It is  
an excellent production for Sunday  
presentation. The story of soul's  
awakening is seen in "Sacred and  
Profane Love," the other half of the  
big bill and Elsie Ferguson gives the  
same heart throbs on the screen as  
she did on the speaking stage. The  
cast includes Conrad Nagel and the  
story is from the pen of Arnold Ben-  
nett.

Patrons are appreciating the se-  
lection of films now being presented  
at the Palace Grand by their con-  
stancy in attendance. Burton Holmes'  
travels provide a pleasant break in  
the heavy program tomorrow.

## Propose Drive for Chiropractors' Bill

Editor The Glendale Evening  
News: The thousands of friends of  
Chiropractic will be glad to know  
that relative to placing the Chiro-  
practic bill on the ballot for Novem-  
ber, 1922, election, 500 chiroprac-  
tors have organized a drive and have  
set next Tuesday, August 30, as  
"petition day" to secure the 100,000  
signatures necessary.

Twenty-six states of the union al-  
ready have their separate laws and  
examining boards, making possible  
the proper education and regulation  
of this profession. Why not Califor-  
nia?

This is the first time in the his-  
tory of chiropractic in this state that  
the entire profession have been  
united on one bill, so everyone may  
know there can be no mistake in  
signing this petition.

J. K. Gilkerson.

## SUTHERLAND TO OPEN SOON

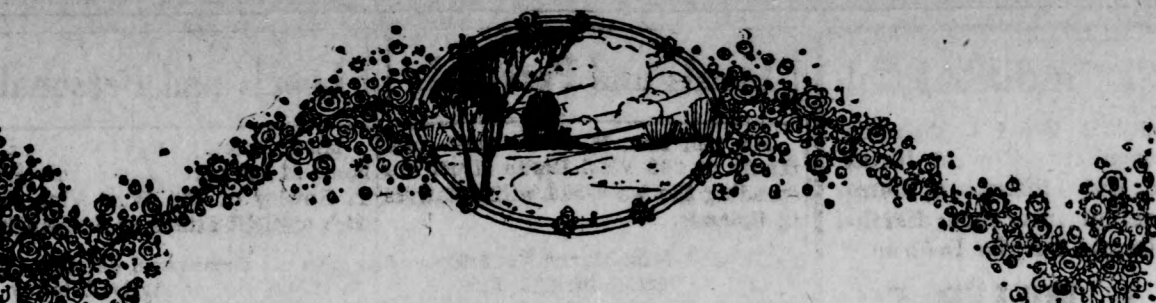

The Sutherland school for boys  
from 6 to 16 will open September 12  
in the former Fairmont hotel, Briggs  
avenue near Michigan boulevard, in  
La Crescenta. Mrs. Lora Suther-  
land, the principal, formerly taught  
in the University of Illinois while  
her husband, Dr. A. H. Sutherland,  
formerly an instructor at Yale, is  
now the psychologist of the Los An-  
geles city school system. The Suth-  
erland school will be an all-year-  
round affair, operating a camp in  
summer in the Verdugo foothills.

## LEAVE FOR YUCAIPA HOME

Mr. and Mrs. Gwin Newcomb of  
Yucaipa left Friday night for their  
home after having spent two days in  
Glendale as the house guests of Mr.  
and Mrs. L. T. Rowley of 334 West  
Vine street. Mrs. Rowley accompa-  
nied Mr. and Mrs. Newcomb to  
Downey on Friday, where they at-  
tended the annual city fair, which is  
being held this week. Mr. Newcomb  
and Mrs. Rowley are former residents  
of Downey.

## ELKS TO GIVE DANCE

An informal summer or shirt-waist  
dance has been planned for this eve-  
ning by the entertainment committee  
of the Glendale lodge of Elks, No.  
1239.

## A City Without a Cemetery

—would be similar to a town without a church or a school. Our present day civilization demands that every community should have a beautiful burying ground under perpetual care.

## Glendale Has a Cemetery of Its Very Own

And but one—Grand View Memorial Park.

This cemetery is located in one of the most beautiful and most desirable locations in all Glendale—the Jewel of Southern California cities.

Grand View Memorial Park nestles on a perfectly drained, high location in close proximity to the green Verdugo Hills.

Every inch of its spacious, parklike grounds is under perpetual care, magnificent developments are under way and the management absolutely guarantees that every lot is perfectly drained and there are no watery graves.

The new chapel now in course of construction will be completed in a few weeks.

Here you will find every service and consideration which should merit your investigation in lieu of those trying times when such facilities as we offer are so necessary. Our private car is at your service without charge when you wish to visit the grounds.

## AUTOMOBILE SECTION

Glendale Evening News, August 27, 1921

### AUTO PROVING VALUE TO PUBLIC SCHOOL SYSTEM

THE AUTOMOBILE is proving its value as a part of the school equipment of both country and city schools. It has extended the scope of rural education. In the past the little red schoolhouse attracted to its classes only such pupils as could make their way to it afoot or by a slow "hitch." Now rural schools as a class are larger and more modern structures equipped for the study of higher subjects than were the country schools of a few years ago, and classes are made up of pupils who live in a wide range of territory.

Many pupils of country schools today who do not travel to school daily in the family car are carried from their homes directly to the schools by automobile busses operated as a part of the school equipment under the direction of school authorities. In some districts men teachers are employed to drive the school busses. This serves to discourage truancy.

Attendance records in schools served by auto busses are better the year 'round. Storms do not keep the children away, because they can ride safely and snugly to their classes.

The city of Seattle, for example, employs attendance officers who use passenger automobiles to travel about the streets during school hours and question any child of school age encountered.

In Detroit the automobile itself is a subject of study in kindergarten classes. Pupils are taught the laws of traffic regulation. This helps them to take better care of themselves on the street and highways and lays the ground work for intelligent operation of cars later in life.

### Dodge Car, 600,000, Now Upon Display at G. E. Clayton Agency

The George E. Clayton agency here for Dodge Brothers' Motorcar has secured car No. 600,000 for display at the salesroom, 145 South Brand boulevard all of next week. It will be brought from Los Angeles this afternoon after a decided effort to get it for exposition display. However, this is impossible due to the fact that this car was at another show and released too late for the local agency to get space.

Mr. Clayton states the importance of this special showing isn't the fact that the Dodge Brothers' factory has turned out more than 600,000 cars, but that the basic design of the body and motor has remained the same, conclusively proving that the Dodge is the most standard of all motorcars of its class.

People attending the exposition are invited to stop in and see the six hundred thousandth Dodge while passing by the display room, at 145 South Brand boulevard.

### LEGION SELECTS OFFICERS

YOSEMITE, Cal., Aug. 27.—Delegates to the third annual convention of the American Legion of California, under direction of their new commander, John R. Quinn of Delano, attended the dedication in Mariposa grove of a giant Sequoia to the memory of the unknown dead. A bronze inscription plaque was placed on the tree. Officers of the legion and the women's auxiliary were elected at the closing session, and by a two-thirds vote the office of state adjutant was made appointive instead of elective. The appointment hereafter will be made by the commander with the approval of the executive committee.

Legion officers now are: Commander, John R. Quinn, Delano; first vice-commander, Walter S. Hicks, Sacramento; third vice-commander, Gabriel Tissot, San Bernardino; chaplain, Rev. W. B. Edmondson, Hollywood; historian, N. B. Armstrong, Hayward; national executive committee from California, Buron R. Fitts, Los Angeles.

### TROOPS REMAIN ON RHINE

WASHINGTON, Aug. 27.—American troops will stay on the Rhine until the new treaty with Germany is ratified by both parties, according to authoritative information here. Ratification will be considered in the American senate and the German reichstag beginning late in September and should require comparatively short time, it was said here. Pending this ratification, however, the status of relations between Germany and the United States remains exactly where it has been, it was stated.

### HELD ON MURDER CHARGE

DES MOINES, Iowa, Aug. 27.—Joe Williams, burly negro laborer, was indicted for the murder of Sara Barbara Thorsdale, pretty Des Moines school teacher who was assaulted and slain on a lonely road near here on the night of June 7.

## AUTO TRADES BODY HAS HIGH JINKS AT SAN DIEGO

Short Business Session Held  
and Then Carnival Spirit  
Permitted to Prevail

SAN DIEGO, Aug. 27.—This city today is ablaze with band music and warning signals and once again in the fiesta mood as thousands of members of the California State Automobile Trade association foregather for the 1921 trade association high jinks.

Starting with a parade this morning at 11:30, headed by the celebrated Orange County Trade association band of Santa Ana, the celebrants will stage a jazzy stag smoker tonight in the beautiful banquet hall of Wonderland Park at Ocean Beach.

This afternoon all the secretaries of the various Southern California trade associations are in session for a short business conference. They are being addressed by George Habetfeld of Bakersfield, general state president of the association.

Tijuana, Mexico, will be "wide open" in high gear and there are some 12-cylinder events scheduled for the trans-border portion of the two-day high jinks. There will be a bull fight from 2:30 to 3:30 in Old Town, Tijuana, and the barbecue, to which admission will be by ticket supplied by the San Diego County Auto Trade association, will be from 4 to 6 p. m. in a special pavilion just outside Sunset Inn.

### Spirit of Carnival

In the afternoon, also, as an added attraction, there is to be a fifteen-round bout in the new arena between Jake Stahl of San Diego, and Joe Brown, Vernon lightweight. These two fast lads have fought two four-round draws and this scrap should be, veritably, a "knockout."

Tomorrow night, after all the joyous doings of the day, the spirit of carnival will be abroad in Mexico, and music, life, laughter and games will vie in a gala melange of mirth throughout all the exotic places of enticing entertainment.

Mexico's newest novelty, the appearance of feminine bull fighters in the toro ring will be introduced Sunday in Tijuana as a feature of the 1921 high jinks of the association.

Senoritas Camencia and Normita, charming dary-eyed toreadoras, as feminine bull fighters are called, will enter the ring, according to an announcement just made by Francisco Paquiro is bringing some specially trained fighting bulls from the state of Sonora for the August 28th affair.

The jinks is being given by the San Diego County Automobile Trade association and this organization is distributing 5000 tickets for the big barbecue. This will be served between 4 and 6 o'clock on Sunday afternoon in the special pavilion outside Sunset Inn, across the international line.

### Reports Increase of Sales of Philadelphia Diamond Grid Battery

Randolph F. Doll of the Panzer-Doll Auto Electric company, 610 East Broadway, reports that the sales of the Philadelphia Diamond Grid Battery, for which they are the Glendale agents, have shown a vast increase in August over those of any other month this year. These are a few of the reasons given by Doll for the growing popularity of the Diamond Grid:

"Diamond construction is a principle of engineering that is used wherever strength is desired. A storage battery plate is subjected to a tremendous stress when it is discharged rapidly, and it is likely to buckle and short circuit under the strain of a starting motor. But the Diamond Grid plates are free from this buckling and warping, for they are braced, not only vertically and horizontally, but also diagonally, so that no matter from which direction a strain may come there is always a brace to withstand it."

### Faldner & Robinson's Store Being Improved

The Sinngleton Jewelry company, which has been established at 204 East Broadway for the past several months, has recently been sold to George S. Faldner and John A. Robinson of Los Angeles, who have already remodeled the interior of the store room and have installed a complete set of up-to-date fixtures and display showcases. The entire stock of the Faldner & Robinson Jewelry company of Hollywood has been moved into the local store, they having decided to abandon the movie city for Glendale.

Both Mr. Faldner and Mr. Robinson have had several years' experience in their line, and they will include in their new store complete equipment for the manufacturing jewelry, engraving, diamond setting and watch repairing. An optometry department will be established in the near future.

A man broke his arm cranking his flivver and explained it thus: "That is what comes of crossing a bicycle with a mule!"

## NEW BUICK FOUR IS PUT ON DISPLAY AT EXHIBITION

Tanner & Hall Invite Public to Inspect Car; Creation Is Called Distinctive

In presenting the new Buick Four to Glendale and vicinity at the Exposition here tonight, Tanner & Hall, the local representatives are confident they have a car which the public has been eagerly awaiting. W. A. Tanner says:

"The new Buick Four is a distinctively Buick creation in every feature of design and construction. It embodies those principles of construction that have characterized Buick automobiles for more than twenty years.

"The engine is of the famed Buick valve-in-head type. The bore is three and three-eighths inches—the stroke, four and three-fourths inches. Wheel base, 109 inches, turning radius, 36 feet.

"A Marvel carburetor with the new automatic heat control insures proper vaporization of the common low grade of commercial gasoline.

**Standard Construction**  
"Multiple disc clutch, the transmission and universal joint are of standard Buick construction—the universal joint being lubricated from the transmission.

"The rear axle is the three-quarter floating type, with semi-elliptical type springs front and rear. The frame is a deep channel section, strongly reinforced with four cross members.

"High pressure Alemite system provides lubrication. Delco equipment with Exide battery insures efficient starting, lighting and ignition.

"All models have non-glare headlight lenses—all are complete with tire carrier and extra rim. Closed models are equipped with adjustable windshield visors, windshield cleaner, dome light, ventilating windshield, adjustable windows, and sun shade in rear window.

"Cord tires are standard equipment on all models," Mr. Tanner states.

## Musical Evening at Methodist Church on Sunday; Negro Songs

The second of the series of musical evenings at the First Methodist church will be held Sunday night. The program is being presented by the women's chorus of that church, assisted by J. B. Clarke as reader.

Tomorrow's program will be of especial interest to those who love Negro music. The program will be made up entirely of the "Negro Spirituals." These songs are the outgrowth of the religious experience of the race in this country. They give the only true example of folk music originating in America.

Special care has been taken in the preparation of these "Spirituals" so that the rendition will be of the highest character possible.

## LEFT PAJAMAS, ANYWAY

CHICAGO—William Foster stood before the police desk in striped pajamas. "Three men attacked me in an alley and took all my money," he wailed. "Then another came along and helped me home. When we got there he took my only suit of clothes."

## Reasons Pointed Out for Highway Failures In Different Sections

An engineering study of a portion of the Ridge Road of the state highway points out reasons for some of the costly state highway failures and shows how they could be avoided by changing the construction methods, according to a statement by the Automobile Club of Southern California. The section considered begins at the foot of the mountain near Castale school and extends northward along the ridge for 12.84 miles.

"The soil over this section consists of clay, shale in various stages of decomposition and occasional outcroppings of sandstone," the statement says. "The broken character of the country makes the drainage problem a simple one. There were installed in this section 400 to 500 corrugated iron pipes. Many of these pipes never receive water and others are rendered inoperative through the continual sloughing down of the banks and the failure of the maintenance crews to keep them cleaned out. In some cases these inoperative culverts cause water to flow along the edge of the pavement cutting into the shoulder and under the pavement.

"The grading was completed on this section and the road opened to traffic late in 1915. The new fills and cuts soon broke up and the surface became full of holes. The surface was later treated with a light road oil, which treatment gave good results for a time, but soon after became exceedingly rough. It was also very slippery when wet and many serious accidents occurred.

**Declared Decided Failure**  
"After approximately two years of doubtful service the surfacing was broken up and removed. In the light of this experience it may be said that the oil surfacing was a decided failure and that the money would have been better spent in surfacing the road with decomposed granite obtained from the upper reaches of the Ridge Road.

"Paving of the road was completed in 1919, the total cost up to that time being \$546,481.50 or nearly \$50,000 a mile. An inspection of this road in July, 1920, showed 4 miles in fair condition and 8.84 miles in poor condition. In the

early part of 1920, 2.74 miles of the lower end were surfaced with willite. This work was made necessary by the rapid failure of the concrete pavement. This 2.74 miles was included in the 8.84 miles classified as "poor." Work of this nature has been done by the state for the purpose of preventing complete loss of the original pavement.

"During the period from July, 1920, to July, 1921, much of the pavement classified a year ago as "fair" has deteriorated into the "poor" class and many points of failure have been noted in the portion surfaced with willite. Generally speaking, the road today is about in the same condition as regards classification as it was in July, 1920, in spite of the expenditure of \$41,367.74 in reconstruction and maintenance.

**Divided Into Two Types**  
"Failure in this section has been general and may be divided into two types. One type is characterized by longitudinal cracks followed by the breaking up of the slab. The other by the formation of innumerable fine cracks running in all directions over the surface. These surface cracks usually appear soon after the concrete is placed and result in a general breaking up and disintegration of the pavement. Both types are found throughout the section.

"When the paving work was started it was found that considerable filling on top of the old road was necessary. It thus happened that the good results obtained through allowing the roadway to settle for a period of four years were in large measure lost and a pavement costing in excess of \$25,000 per mile was seriously impaired during the first two years of its life.

"The use of materials containing a percentage of silt and dirt in excess of that stipulated by the specifications may be responsible to some extent for the costly and disastrous failures due to cracking and checking."

## HOPE CHEST IS RIFLED

SAN FRANCISCO—A burglar with a taste for silken nighties temporarily upset the wedding plans of Miss Grace Hole who was to marry Stirling Lamond of Burlingame. He stole \$2,000 worth of articles from the "hope chest" in which Miss Hole kept her trousseau.

### BUICK ACCESSIBILITY

The new Buick is a marvel of accessibility. Valves and valve cages can be removed in a few minutes. Carburetor, starter and generator, oil gauges, pet cocks for draining radiator and crank case, fan belt adjustments, these and a host of other places are instantly accessible. The result is that many ladies are finding that it is real fun to take care of their own car, and they laugh when they see some less lucky owner clamor under his car to drain the crank case, or struggle with some adjustment that is simple with the new Buick.

By all means visit the Studebaker Headquarters at the Exposition and see the cars which have won the "Blue Ribbon" as the most successful automobiles today. We have a car to meet your approval in the Light Six, Special Six or Big Six, giving you altogether 12 models to choose from

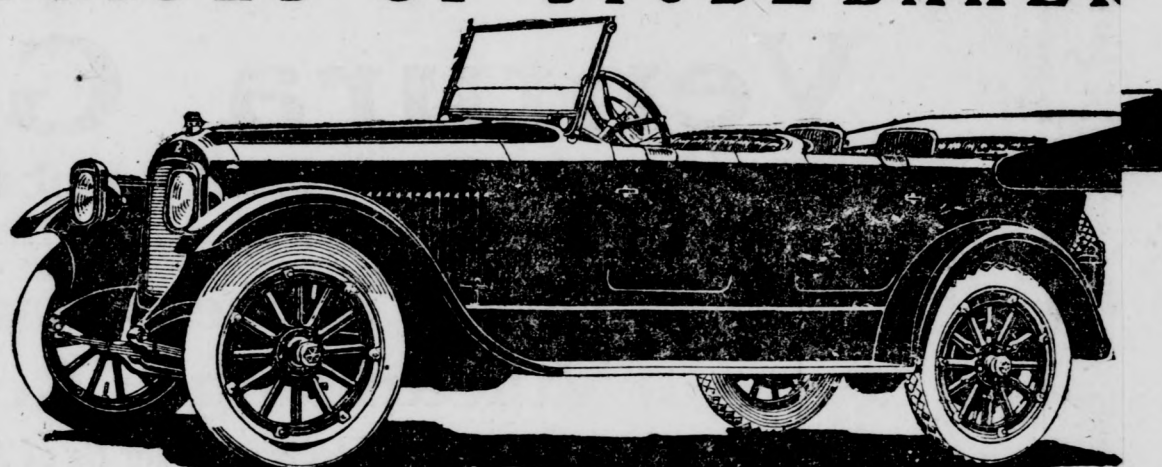

The fact that this is a Studebaker year is clearly illustrated in the wonderful record of producing and selling more automobiles during the first six months of 1921 than any other manufacturer in the country except one maker of a well known and very low priced car. We will make a complete change of models in our exhibit during the week of the Exposition, giving you an opportunity to inspect our entire line.

### New Ford Agency Has Big Repair Department

Here's a picture of the Jesse E. Smith Ford Agency of Glendale, recently erected at West Colorado and Orange. The repair shop is declared to be the finest in the valley, being able to care for fifteen overhaul jobs and thirty or forty minor repairs at the same time.

Expansion has been the key note of many of the Los Angeles county Ford dealers during the past six or seven months. The reason for their expansion can be attributed to the increased sales of Ford cars which necessitated larger floor space to take care of more Ford owners.

#### General Cleanup of Auto Markets Urged

In Southern California where open air sports are famous the year round, an unsightly condition has arisen which should be stopped, say officials of the Automobile Club of Southern California.

This condition is found in practically every town and city in the southern counties of the state, it is pointed out, where auto markets have been established for the sale of cars in the open air.

hood of 200 cars. It is estimated floor space of some 15,000 square feet.

The repair shop is said to be the finest in the San Fernando valley. It can take care of fifteen overhaul jobs and thirty or forty minor repairs at the same time. All machinery which pertains to speedy and efficient repair work has been installed.

The Jesse E. Smith Ford Agency was established in 1915 and during the first year sold in the neighbor-

hood of 200 cars. It is estimated floor space of some 15,000 square feet.

Clean up your open air markets, advises the auto club, and get ready for the flood of eastern visitors next winter!

#### MELTING SNOW AIDS THEM

YELLOWSTONE PARK, Wyo.—Melting snow in midsummer to provide water for cement is the means adopted by the landscape engineering department of the National park service in the construction of a new lookout station and shelter at the top of Mount Washburn here. Situated more than 10,000 feet above the sea level, this structure presented a building problem that promised to stump engineers. They hit upon the method of using artificial means of melting snow, but recently the summer weather has melted it so rapidly that the work has had to be rushed to be completed before the water supply runs out.

that the year 1921 will see 750 new cars sold.

"Glendale has grown by leaps and bounds in the past several years," says Jesse E. Smith, "and it is but natural that our sales should show a proportionate increase along with a greater population. However, we do attribute the fact that our customers come back time after time for new cars and to our service with a personal touch, which we believe is hard to improve upon."

#### Great Map-Charting Expedition Is Started

One of the greatest map-charting expeditions ever undertaken in the state by the Automobile Club of Southern California has just been sent on its way to cover famous "byways" much used by motorists.

Important among the points to be covered by this expedition, which is in charge of Guy Eckert and Mack Cohee of the club's touring bureau, will be the redwood forests of California which are becoming more and more popular with local residents as well as eastern visitors.

Included in the itinerary for the taking of notes, from which motor-ing maps will be drawn, will be the famous Pinnacle national forest just east of Soledad in San Benito county and the picturesque Half-moon bay country on the coast west of San Mateo.

While most of this territory has already been covered by the club, new roads have been rapidly put into commission throughout and so re-charting notes are necessary.

The club crew will also travel from Reno to Lake Tahoe via the new Rose Mountain road. Among

other new roads to be charted will be the Double S Grade road east of Calaveras grove of big trees, Kern county. In Kern county the Kernville mountains from Woody to the ex- will also be charted. Where map- pedition is completed, the 4700 making crew will have covered ex- ception of 108, are in California and 108 in Nevada.

Harduppe—"Well, I suppose it is never too late to mend." Wigwag—"But that is no reason why a fellow should wait till he is broke."

#### SHE'S A VERSATILE CHILD

SAN FRANCISCO — Mary Louthan, 3 years old, is a versatile little miss. She speaks Chinese just as well as she does English, and her English is just as good as is that of any child of that age. She arrived in San Francisco with her father, who for a number of years has been a missionary in South China. After years of study, philologists claim, but few foreigners know more than a thousand expressions in Chinese. Hence little Miss Louthan puts them to shame.

#### TRAPS BADGER BY HAND

HEALDSBURG—Bare hands are better than traps, according to Frank Gorman. Returning from work at Butt's nursery near here, he saw a badger, and managed to corner it. Gorman, despite the animal's vicious protests, succeeded in grasping it by the nape of the neck, and carried it home. He declares he will make a pet of the animal.

Silence is golden. Still, the less some people have to say the more they say it.

### Our Battery Service Is FREE

How It Pays Us --- and You

With Philco Retainers  
Guaranteed Two Years

Of course we're in business to make money. You have probably wondered why we maintain the expense of free inspections for batteries.

We have two reasons:

1. It enables us to get acquainted with automobile owners.
2. It gives us a chance to demonstrate our exceptional ability to care for and repair batteries.

In a word, this free inspection is the best advertising we can possibly do.

It pays you to avail yourself of this service, because it will help you get longer life from your battery; and prevent battery troubles on the road.

## C. H. THOMPSON AND MAX L. GREEN IS FAMILY AT HOME 'NEW AUTO TRADES VICE PRESIDENT

Auto Journey Into North Is Thoroughly Enjoyed; See Attractive Scenery  
Interesting Meeting Is Held by Valley Organization In City Last Night

C. H. Thompson, real estate agent of 131 North Brand Boulevard, and wife and children, Grace, Dorothy and Frank, returned Wednesday from a most enjoyable automobile trip to northern California, Washington and Oregon. They left Glendale July 8 and went north by way of the coast route, through Santa Barbara, San Jose and on up to Oakland and San Francisco. They stopped at Oakland for several days where they visited their son Howard Thompson, who was stopping over in that city.

One of the impressive points of the scenery in Washington and Oregon, according to Mr. and Mrs. Thompson, was the freshness and greenness of all the growths. One cannot travel a very great distance without coming across numerous mountain streams and waterfalls, they say.

### Enjoy Sports In Snow

Nothing can surpass the scenery along the Columbia highway, stated Mrs. Thompson when interviewed regarding the trip. Among the places visited by Mr. and Mrs. Thompson and family were Crater Lake, Oregon, where only three weeks before the first car had made the trip to that scenic spot on account of the snow.

While the Thompson children enjoyed sleighing, making snowballs and other snow games. They also visited relatives in Klamath Falls, Portland, Seattle, and numerous other cities. They also stopped at the state fish hatchery at Sisson.

Two of the outstanding features of the trip, according to Mrs. Thompson, was the splendid roads and the auto camping parks.

There is a good deal of new road construction under way in Washington and Oregon, which, when completed, will make the highways of those states almost equal to those of California, states Mr. Thompson.

### Appreciate Camping Parks

Mr. and Mrs. Thompson and family camped out both on the trip north and on the return trip. Although a number of the camping parks in California are pay camping places, almost all the grounds in Washington and Oregon are free, according to Mrs. Thompson, and with every convenience provided for the comfort of the travelers and tourists. These include tables, showers, rest rooms, water piped with faucets conveniently placed, either gas, electric or wood stoves, and in some places even reading rooms.

The people of Oregon and Washington, she continued, show the utmost courtesy and consideration for the comfort of the traveling public.

Although the automobile trip of Mr. and Mrs. Thompson and family was a most pleasurable one, it was also one of great educational value, taking them as it did to some of the most wonderful natural beauty spots of that section of the country.

During his absence, Mr. Thompson's real estate business at 131 North Brand Boulevard was conducted by Miss Vera McPherson.

## EASTSIDERS WILL MEET

The regular monthly meeting of the Eastside Improvement association will be held next Monday night at the Broadway school building. Maurice Healey, who is president of the organization, has announced that a number of questions of particular interest to all residents of the eastern section of the city will be brought up.

# The Satisfied Customer

By far the most valuable advertising is the word-of-mouth advertising of the **satisfied customer**. The local Westinghouse station has been designed with this idea as a basis—easy entrance, easy exit, speed and cleanliness. This idea is uppermost in the minds of every employe, and he is specifically instructed to extend every courtesy and attention, to do everything possible to lengthen the life of every battery, **no matter what make**, and to never advise the purchase of a new oversize Westinghouse unless an economical repair can not be made. Our slogan is the Golden Rule.

## Notice of Street Work

Public notice is hereby given, that the Council of the City of Glendale, on the 22nd day of August, 1921, did at its meeting on said day, adopt a Resolution of Intention, Number 1230, to order the following improvement to be made, to-wit:

First: That Maple Street, between the westerly curb line of Central Avenue and the easterly curb line of Columbus Avenue, including all intersections of streets or alleys except those portions already graded to the official line and grade, be graded to the official-grade heretofore established therefor, the same to be done in accordance with plans and cross-sections No. 423, Profile No. 759, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 34.

Second: That a four (4) inch cast iron pipe be laid in Maple Street and across intersecting streets, along a line fifteen (15) feet northerly from and parallel to the southerly line of said Maple Street, said pipe to extend from a line seventeen (17) feet easterly from and parallel to the westerly line of Central Avenue to a point thirty-two (32) feet west of the easterly line of Columbus Avenue, together with all connections, valves and other appurtenances, all as shown on Plan and Profile No. 423.

Said pipe shall be laid in accordance with said Plan and Profile and between the points on the lines and grades and at the elevations designated thereon and said pipe connections, valves, and other appurtenances shall be constructed in accordance with the plans therefor designated as Plan No. 423, and in accordance with Specifications therefor, adopted by the Council of the City of Glendale and designated as Specifications No. 37 for furnishing and laying cast iron water pipe in the City of Glendale.

Third: That all the roadway of Maple Street between curb lines from the westerly curb line of Central Avenue to the easterly curb line of Columbus Avenue, including all intersections of streets and alleys, be oil and surfaced in accordance with plans and cross-section No. 423, Profile No. 759, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 34, excepting that one-fourth (1/4) inch rock screening shall be used in surfacing instead of sand.

Fourth: That a cement curb of the class designated as Class "B" in the hereinafter referred to Specifications be constructed along each side of the roadway of Maple Street from the westerly curb line of Central Avenue to the easterly curb line of Columbus Avenue, including all returns of all intersecting streets and alleys, except where said curbs have already been constructed to official line and grade. Said curbs shall be constructed in accordance with plans and cross-section No. 423, Profile No. 759, and in accordance with Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 31.

Fifth: That a cement sidewalk of the width of five (5) feet be constructed along each side of Maple Street from the westerly curb lines of Central Avenue to the easterly curb line of Columbus Avenue, except where sidewalk is already constructed to the official line and grade. Said work to be done in accordance with plans and cross-sections No. 423, Profile No. 759, and Specifications for said work adopted by the Council of the City of Glendale and known as Specifications No. 31.

Section 2: That pursuant to the Act of the Legislature of the State of California approved February 27, 1921, and the Acts amendatory thereto, Serial bonds bearing interest at the rate of 7% per annum shall be issued to represent assessments of twenty-five (\$25.00) Dollars or over for the costs of said work or improvement; said serial bonds shall extend over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds, and an even annual proportion of the principal sum thereof shall be payable by coupon on the second day of January, every year after their date until the whole is paid; and the interest shall be payable semi-annually by coupon on the second day of January and July respectively of each year at the rate of seven per cent. per annum on all sums unpaid until the whole of said principal and interest is paid. The district to be assessed to pay

## Glendale Evening News to Publish Business Directory

A Classified Directory of Glendale's business houses, professional people and institutions is now being compiled by The Glendale Evening News. It is a co-operative booster work undertaken with the object of providing a ready reference guide to the business and professional interests and institutions of Glendale and vicinity.

The first publication will be made in the columns of The Glendale Evening News. The directory will then be issued in book form, classified and alphabetically arranged so that the information can be had at a glance.

The first pages of the book will contain general booster information about Glendale as well as facts relative to industries, points of interest and city and county government.

The directory books will be given a general free distribution.

A nominal listing charge is being made for including your card in the work. No personal solicitation will be made but an invitation will be extended by telephone to co-operate in getting out this representative directory and booster book. ## CONVINCING PROOF LOUISE AND JACK LIKE GLENDALE

They Are Regular Folks and Tell World They Really Enjoy Life on 'Farm'

Convincing proof of Louise Dresser-Jack Gardner's steadfastness to Glendale is contained in an interview given out at San Francisco where this popular pair now are playing at the Orpheum. Miss Dresser writes that they will be home on Monday, but following is what the San Francisco Chronicle has to say about them:

By MARJORIE C. DRISCOLL

I like to meet two regular folks—two people who can come from the Orpheum stage, where, clad in the most up-to-date evening garb, they have been delighting the audience with the smartest of songs; can dive gratefully into a blue and silver negligee and a purple dressing gown, respectively, and become equally enthusiastic over the joy of life on a Glendale ranchlet and the prospects for organizing a musical road show for California?

Meet Louise Dresser and Jack Gardner.

Otherwise, of course, Mr. and Mrs. Jack Gardner. Miss Dresser was in the process of peeling off the frothy white costume of her final number. Peeling is the word, for it is done, apparently, by unmooring two hooks somewhere up-stage. Safely out of the filmy white affair that a full-grown breath would damage, she made herself comfortable in a negligee that did that rather unusual thing for one of its family—combined daintiness with solid comfort.

Dirt Proves Basis of Inspiration

"Can't talk when I'm all dressed up," she explained. "Especially when for seven months I've lived in khaki and dirt—heaps of nice ranch dirt."

She waved a gay hand at her sweet-faced mother, sitting in a corner of the dressing room.

"Mother knows about the dirt," she said. "I love to go out and dig when I'm home on our place at Glendale, and get just as grubby as I want to, and then somebody comes to call and mother has an awful time persuading me to come in and be neat and respectable."

"Our ranch may not be very big, but it's home, just the same," added Gardner, who by that time had sought the comfort of a pleasantly old dressing gown and added himself to the party.

Lots of the motion picture stars come over from their marble palaces with swimming pools and Italian staircases and so on, and they say they'd give the whole thing for a real home like ours."

Louise and Jack are regular home folks, in spite of their enviable theatrical reputation. It's not at all hard to imagine them having breakfast at an hour when the average vaudeville artist is rolling over for his 8 o'clock nap, donning khaki and overalls and sallying forth, grasping spade or trowel or pruning hook or whatever the thing may be, to dig joyously among their own dahlias and roses and hollyhocks and even the humble lettuce, until, as Miss Dresser says, "first thing you know it's 9 o'clock and bedtime."

Not Vegetating from Stage View

Not that they have been vegetating in Glendale from a theatrical viewpoint. They have not only prepared their present Orpheum act, rehearsed new songs and invented new fun, but they have put the finishing touches to a scheme in which, according to Miss Dresser, they will "either go broke or make good."

They want to and they are going to organize a show—musical, of course, including themselves, perhaps ten or a dozen other clever people and a chorus of girls who can do something besides—to steal from the quotable Miss Dresser again—"stand in a row and do the merry, merry villager."

With that show, which will be the very best show they can make it, they plan to tour California, not only the cities, nor even only the cities still in the flapper stage, but the thriving little towns where hundreds of people are doomed to see nothing more than movies because nothing but movies ever goes there.

"If the eastern managers won't send us good productions, and they really can't when railroad rates are so terrific, what's the matter with making our own?" asked Miss Dresser or Gardner or both of them at once, for they are so enthusiastic about their scheme that ideas simply bubble out.

"California is full of clever actors and actresses who don't want to go east again but who do want to work. It would be easy to find any number of them, lots of them people whom the eastern managers would be glad to see walk into their offices any day. We could easily map out a tour of the state, perhaps covering ten weeks, largely in one or two night stands. All the jumps would be short; fares would be low; there wouldn't be those awful excess baggage charges that eat up a week's salary without an effort, and, best of all, it would be all in California.

"The people in the smaller towns

## CHURCH SOCIETY'S CAFETERIA PARTY CLOSSES SEASON

Novel Gathering Is Held In Presbyterian Bungalow; Program Enjoyed

The members of the Intermediate society of the First Presbyterian church Christian Endeavor held their closing social function of the season last night at the church bungalow, in the form of a "cafeteria party." The idea was an extremely novel and original one, and was carried out with tempting menu cards and suggestions of delicacies displayed upon the walls of the social quarters.

The evening was enjoyed in a series of competitive games and a short musical program. Martha Eilers and James Littell were the principal winners of the several events.

Those in Attendance

Those present at the unique affair were George Stanley, Helen Engle, Stephen Fairchild, O. H. Barnes, Eleanor Foster, Edward Littell, Spencer Jewell, Darrell Korb, Wilbur Semon, Graham Tinning, Percy Jewell, Norman Korb, Paul Edwards, James Littell, Phillis Baker, Martha Eilers, Walter Hertzog, Louise Holt, Claudia Harness, Ruth Donaldson, Marie Johnson, Emily Bellue, Gertrude Heideman, Nellie Butler, Margaret Elliot, Martha Barrett, Myra Johns.

Howard Brown, superintendent, and Earl P. Hammond, vice-president, were also present.

### MR. AND MRS. BLACK HOME

Mr. and Mrs. David Black have returned from an auto trip to Yosemite and other points of interest. They were accompanied by their guest, Miss Rose Weidner of Mendota, Illinois, and their daughter Esther, who drove the auto the entire way from Glendale to Yosemite, and return, by way of San Francisco and the coast route. A delightful time was spent camping in the Yosemite valley, on the bank of the Merced river, where they were camp neighbors of Mr. and Mrs. Chas. Hutchinson and family.

Many points of interest were visited on the return trip, Berkeley university, San Francisco, Leland Stanford university at Palo Alto, presidio at Monterey and the Santa Barbara Mission. A visit was made with a cousin of the Blacks, who lives at Laurel in the Santa Cruz mountains. Their house was occupied in their absence by Mr. and Mrs. Ed Chapin.

### CELEBRATION IS PLANNED

The Right Rev. Bishop J. J. Cantwell, of the diocese of Monterey and Los Angeles, has declared a half holiday in all the parochial schools on September 12. It is proposed that the school children go in a body to Washington park, Los Angeles, to attend the final celebration of the child welfare campaign. On the morning of September 12 it is expected that each school will name one boy and one girl under 12 years and one boy and one girl over 12 years, to represent the school in the athletic events of that day. These names should be handed to Charlie McHugh, chairman of the athletic committee at the park upon the arrival of the school delegation.

### TEXAS RESIDENTS VISITORS

Mr. and Mrs. Carroll C. McKee and son of Fort Worth, Texas, have been spending a few days with Mr. and Mrs. L. D. Andrews of 541 West Lexington Drive. Mr. McKee is dean of fine arts at Texas Christian university, where Mr. Andrews has been teaching piano and theory. The McKees are much in love with California, and they hope to locate out here at some time in the future.

### ARRIVE HERE TO REMAIN

Dr. H. L. Moffatt and wife and son and the doctor's sister have arrived in Glendale from Arpin, Wis., and are guests at the H. H. Wheeler home, 707 Orange Grove avenue. The Moffatts visited Glendale two years ago and liked this city so much that they have come here to stay.

and cities really should be considered. They are so appreciative and so eager to get good entertainment. Very few regular road attractions ever remember that these places are on the map, but they're very much there when it comes to supporting a good attraction."

Miss Dresser suddenly looked worried. "By the way," she interrupted. "Did I mention that we liked California?"

"I gathered as much," I said. "That's good," she said. "Because we do, and we don't care who knows it. Furthermore, we're not like some of these people who come to California—'Oh, yes, beautiful place, marvelous climate, wonderful people, lovely flowers and when's the next train back to New York?'"

"We're Californians now, regular Californians, and we don't much care if we never see Broadway again. We like California enough to live in it and we expect to keep right on living in it. That's one reason why this new idea of ours makes such a hit with us. We can work and still stay home."
